While using the Transit System, there will be a fare of \$3.50 one way. There are other efficient ways to pay for travelling without buying tickets every day:

- Buying a set of 10 tickets costing at roughly \$27.50 every 2 weeks
- Monthly pass for the entire month costing at \$100 per month
- Investing in an ARC card. This is a new initiative started by the Edmonton Transit System. With this, you can add funds and tap it at the designated station every time you travel.
